TEMPORARY LOAN OF $25,000 FOR GAS

Will be Acted on at Special Meeting of Council Tonight

DISCUSS IMPROVEMENT

Committee From Chamber of Commerce Advocates Work at High School Grounds.

Gas is now being sold by the city of Alexandria at less than it costs to produce. This statement was made on the floor of city council last night by President Burke following the introduction of a resolution authorizing the finance and light committee to borrow the sum of $25,000 to meet a deficit of $20,000.

Councilman Baggett asked if the gas plant was being run at a loss at the present time and President Burke replied in the affirmative.

Councilman Lawler said he didn't think it good business to sell gas at less than it costs to produce, and Councilman Ruben added that in previous years the plant showed a good profit, but that in order to make a good financial showing the plant had been permitted to run down.

Councilman Wattles, chairman of the light committee, told council that as a matter of fact the plant had practically been rebuilt, and in addition the increased cost of operation including, labor, coal had greatly increased and that in addition mains had been laid in different part of the city.

In previous years the revenue turned into the treasury he said was between $11,000 and $16,000 annually.

Councilman Burke said owing to the importance of the appropriation it would be necessary to hold a special meeting at 8 o'clock tomorrow (Wednesday) night and council again will meet tonight to act on the gas deficit.

On behalf of the city school board W. F. H. Finke, chairman of the board, sent a communication to city council in which he urged the purchase of the lot at the southwest corner of Wolfe and St. Asaph streets from Miss Margaret E. Smith to be used for Washington school for boys. He also recommended that certain work be done including putting the high school grounds in more presentable shape, and that a sidewalk be placed in front and on each end of the colored school now in course of erection. The erection of a fence around the high school building also was recommended and that lights be erected around the high school building for its protection.

Concluding his communication he expressed hope that these matters would not be allowed to die. The communication was referred to the joint committee on streets, schools and finance.

P. J. Dempsey, chairman of a special committee of the civic bureau of the Chamber of Commerce, appeared in behalf of that bureau in the interest of the improvement of the high school grounds. He read a resolution adopted by that bureau to council and James Bayne, also a member of the special committee, was then given the floor. He urged the importance of the improvement of these grounds and said that for the past five years nothing had been done to the grounds and added that it was not uncommon to hear comments on the high school surroundings. These grounds he said were not in condition for use. The ground he said could be made highly desirable playgrounds at a moderate expenditure. The property he said is suitable for playgrounds, athletic exercises of a community center.

Resolutions appropriating $24,000 to pay cost of construction on school building being erected for colored children was referred to finance and school committees.

A resolution appropriating $11,800 for construction of a bituminous macadam roadway on Washington street from Duke to Franklin streets, a distance of four squares, was referred to the joint committee on streets and finance.

The Mount Vernon Garage was allowed a rebate of $46.50 on license tax. The public property and finance committee recommended that the city accept $60 a month from Leo. M. Sweeney for the rent of armory hall from Sept. last to February, 1920, and that a new lease be drawn effective February 1 and its report was adopted.

Bill of $150.67 incurred by city health department was ordered paid. Rebort L. Myers, Jr., and C. W. Myers were granted permission to make improvements at 115 North Pitt street Petition of A. L. Rubin to rent additional space in city market was referred to sinking fund commissioners. Petition of J. T. Harrison to make improvements at 312 South Alfred street was referred to street committee.

KILLED BY TRAIN

Body of White Man Found in Southern Railroad Yards—Inquest Tonight

The body of an unidentified white man, apparently about 40 years old, was found at midnight last night in the Southern Railway yards, west of what is known as Catts' Lane. The skull was crushed and the neck broken. The body was taken to Demaine's mortuary chapel and Dr. T. M. Jones, coroner, will hold an inquest at 7 o'clock tonight.

It is believed by railroad men that the man hails from Occoquan. Whether he fell from a train or was killed by being struck by a train while walking along the tracks is not known.

It is expected that the body will be identified later in the day.

SPORTS

Monday's contest in the City Basketball League, which resulted in the Lyceums defeating the Virginias in a spirited game, 22 to 15, was one of the best staged affairs of the season. The game was remarkable for its cleanness, not a semblence of rough work showing at any time during the contest.

John Alexander caged five baskets in the first half, but was held to two foul tosses in the second stanza. He was blocked at every stage of the nightcap half. Williams went into the game in the final half, and his entrance in the game turned the tide. Bill Entwisle and Alexander carried off the honors, both shooting five baskets as well as caging the most difficult shots of the evening.

Slim Hinken should have scored four baskets Monday night, as he started off with one in his first game, two in his second, three in his third contest and according to the dope, should have counted four Monday night, but Slim was handicapped—and went scoreless.

This afternoon the officers team at Camp Humphreys meets Gallaudet, and a battle royal is expected. The melee will start at 4 o'clock at the former K. C. Hut, next to the Indoor Range at Camp. Quite a few local fans will journey to Humphreys to see the contest.

Friday, the Dreadnoughts meet the 5th Engineers in a League game at the Armory, starting at eight o'clock.

The third team of the Alexandria High School defeated the Colonials last night in a rattling good contest 14 to 4. C. Dyson starred for the High School lads while Snellings played well for the losers.

The Seventh Grade Reserves of the Lee Schoo met defeat yesterday at the hands of the Sixth Grade Regulars, 12 to 10, at the Community Center.

The War Risk girls team plays the Tin Cans, a local girls team, Thursday night at Central High in Washington.

L. WASHINGTON DIES OF PNEUMONIA

Former Resident Expires Today at Home in Washington

BORN AT MT VERNON

Employed for Many Years at Congressional Library —Member of Alexandria-Washington Lodge

Lawrence Washington, a former resident of this city, died about 10 o'clock this morning at his residence, 216 A street, southeast, Washington. Death was due to pneumonia. Mr. Washington had been ill only a week and his condition did not become serious until yesterday. Mr. Washington was well known in Alexandria where he had many friends who will regret to hear of his death. The deceased was a member of Alexandria-Washington Lodge of Masons.

Lawrence Washington was a son of the late John Augustine Washington and bore the distinction of being the last male member of the Washington family born at Mount Vernon.

For many years past Mr. Washington had been chief of the Representatives' reading room in the Congressional Library, Washington. He was familiar with many prominent statesmen and was a regarded as an authority on the history of George Washington. For many years Mr. Washington made his home at 602 Cameron street this city.

Besides his wife, who was Miss Fanny Lackland, he is survived by 12 children: J. Augustine Washington, Logan, W. Va.; Lawrence Washington, North Fork, W. Va., Miss Patty Washington, Wash., D. C., Miss Annie M. Washington, Montclair, N. J.; Miss Louisa F. Washington, Washington, D. C.; Willis Washington, Florida; Mrs. Owen Lewis, Baltimore, Md.; Selden Washington, Alexandria; Preston C. Washington, Logan, W. Va.; Julian H. Washington and F. Ryland Washington, students at the Virginia Polytechnic Institution, Blacksburg, Va.

The funeral arrangements have not yet been completed.

RIVERSIDE A. C. CANCEL

The Riverside A. C., of Washington, who were to meet the Dreadnought Basketball Club in the Armory tonight, are unable to play on account of sickness of three of their players. The Dreadnought management is today negotiating with various quints in this vicinity to fill tonight's bill and will make strong efforts to have a fast five on the floor by 8 o'clock.

ASSESSORS APPOINTED

C. E. Cox and James Bayne Assessors and J. E. Rogers and C. T. Tennesson Assistants

Judge L. C. Barley of the Corporation Court today appointed the assessor for this city. They are Charles E. Cox and James Bayne. Mr. Cox, is connected with the Alexandria Fertilizer and Chemical Company and Mr. Bayne is head bookkeeper for the firm of Charles King and Son, Inc., wholesale grocers.

The assistant assessors are Joseph F. Rogers, a contractor and builder, and Charles E. Tennesson, a clerk, at the office of the Alexandria Water Company.

The assessors and their assistants soon will begin their work and the assessment which they will make will stand for a period of five years. It is generally expected that the new assessment will show a decided increase over the prevailing assessment which was made five years ago.

WOMAN SUFFRAGE TO REFERENDUM

House Committee Listens to Speeches Three Hours

NO VOTES THIS FALL

Dr. Kate Waller Barrett, of Alexandria, Delivers Speech Favoring Ballots for Women.

Richmond, Jan. 28.—At the conclusion of arguments last night on the question of suffrage ratification, the House of Delegates voted to pass up further consideration and to provide later for a referendum vote.

A resolution embodying this decision was passed by a vote of 55 to 39.

This action throws Virginia among the States whose women will not vote in the next Presidential election. It apparently is the purpose of the majority in the House of Delegates to delay the referendum as long as possible.

After hearing speeches favoring and opposing the resolution for the rejection of the Susan B. Anthony amendment to the Constitution of the United States for more than three hours Monday afternoon, the Committee on Federal Relations of the House of Delegates voted favorably on the resolution by a count of 7 to 5.

This action was taken in executive session at the conclusion of the public hearing, during which fifteen speakers made addresses.

Nine prominent speakers among them Dr. Kate Waller Barrett of Alexandria, upheld the cause of suffrage for women in Virginia. Arrayed against them were Miss Caroline Davis, Eppa Hunton, Jr., State Senator Leedy, Delegate Warren, of Pittsylvania, and Miss Emma Morris.

Miss Caroline Davis, of Charlottesville, was the first speaker for the passage of the rejection amendment. She declared that the average American woman does not want to be governed by women—she desires to be governed by men. This statement she qualified by saying that the will of the majority of the men will always overrule the will of the majority of women.

Mrs. B. B. Valentine, president of the Equal Suffrage League of Virginia, declared that thousands of Virginia women believed that things would be better if men and women ruled together. She said in conclusion:

"Virginia cannot stand before the bar of civilization if she refuses to give women self-government."

"If the majority of the white women of Virginia want suffrage they will get it," was the decisive statement of Eppa Hunton, Jr., after he had said that he was against the reform because women were not temperamentally fitted to vote. When Mr Hunton declared that the majority of Virginia women would get the vote if they desired it, there was a wild burst of applause from the many suffrage advocates on the floor of the House and in the gallery.

When this noisy demonstration had finally died away, Mr. Hunton, with a broad smile, said:

"Didn't I tell you that women were not teperamentally fitted for the casting of the ballot. They have just given way to their feelings. That proves it."

Mr. Hunton said that, in his opinion it was bad taste for both politica' parties to be racing to catch the votes of American women. He declared that the time was not ripe for the adoption of suffrage for women and that the passage of the eighteenth amendment would federalize Virginia. This statement evoked loud applause.

"I have been governed by a woman for a long time, and I find it salutary and useful," said Delegate Thomas Lomax Hunter, in reply to the charge of those opposed to woman's suffrage that women would rule men. Mr. Hunter plead for an extension of human liberty, which would extend to women and concluded his address by declaring that if the influence of woman had made and kept the home pure, it would help politics.

State Senator Leedy followed Howard Gilmer, of Pulaski, and spoke in opposition to suffrage for women and in favor of the rejection resolution.

DRY DEPARTMENT FIGHT IS ON TODAY

Measure Came up in House of Delegates at Noon

OPENING OF BATTLE

Senate Holds up Oliver Resolution Demanding Commissioner Peters to Make Detailed Report

Richmond, Jan. 28.—When the House of Delegates meets today at noon, one of the bills which will come before it for its second reading will be that providing for the abolition of the State Prohibition Department.

Reading of the bill is expected to open the fight on the floor of the lower branch of the Assembly over the department, which is the storm center of the battle between the wet and dry forces. Amendment might be proposed to the bill as it now stands it was indicated last night.

On Monday night the Committee on Moral and Social Welfare, to which the bill, with Delegate Kenneth N Gilpin as patron and fifteen co-patrons, was referred, reported it with the recommendation that it be not passed, by a vote of 11 to 1. Should the bill be passed to its third reading today, either with or without amendment, Thursday will see the advocates and enemies of the measure in forensic battle before the question of the passage of the bill is put by Speaker Brewer.

In the Senate yesterday, the resolution of Senator Walter Tansil Oliver that Commissioner of Prohibition Peters be called on to give the body a detailed report of the financial expenditures of the department was passed by until today. This action was taken after Senator A. Willis Robertson objected to taking a vote on the resolution because several interested in it were not present.

The Governor informed the Legislature that he had appointed Albert Beauregard Thornhill, of Brent Creek Appomattox county, as Commissioner of the Food and Dairy Division of the State Department of Agriculture. Mr Thornhill is president of the Virginia division of the Farmers' Co-Operative Union of America. He will take office on March 1 of this year to succeed Benjamin L. Purcell, whose term of office expires on February 28.

JUNIOR AUDUBON SOCIETY

Last evening the Junior Audubon Bird Clubs of Washington and Lee Schools attended the annual meeting of the District Audubon Society. The boys and girls were greeted with much applause when they were presented to the large audience by Miss Katherine H. Stuart, chairman of Bird and Animal Department of the Virginia Federation of Women's Clubs.

Dr. Bartsch, of the Biological Department, gave a charming illustrated lecture on the birds of the District of Columbia and of Florida, which was greatly enjoyed by the boys and girls.

These clubs are doing fine work under their teachers, encouraged by the superintendent, Captain W. H. Sweeney, in the interest of the great state and national question of conserving our wild life.

SEVEN LOST ON ICE

Chicago, Jan. 28.—Chicago's polar adventurer, the Sydney O. Neff, continued to fight the ice yesterday while Chicago wondered over the fate of seven men who tried to reach the boat Sunday by crawling over the surface of the lake.

With the ice fields broken and the Neff blown far to the north of Chicago since the seven men left her, there was fear they may have disappeared in some suddenly opened chasm. Lake steamers tried to get in touch with the Neff yesterday to learn if the seven reached her before the ice broke. Six were sailors, the other a photographer.

ODD FELLOWS GIVE BANQUET

Members of Marley Encampment Enjoy Feast Monday Night

W. L. Martin, grand patriarch of the Grand Encampment of Virginia, paid an official visit to Marley Encampment No. 6, I. O. O. F., last Monday night. On this occassion a banquet was served and during the evening speeches were made by a number of those present among whom were D. R. Stansbury, past grand master; W. L. Martin grand patrarch; John T. Watkins, district deputy; J. W. Williams, chief patriarch; Rev. Edgar Carpenter, past grand; W. E. Latham, Sr.

A most enjoyable time was had by the members and much of the success of the affair was due to the committee of arrangeents composed of J. T Luckett, Isaac Groves and Harry Arnold.

IN MEMORIAM

In sad but loving remembrance of our dear wife and mother, Jenettie C. Vaughn, who departed this life six months ago today, July 28 1919.

Six months have past, since that sad day,
When the one we loved was called away.
God took her home it was His will.
But in our hearts she liveth still.
On you dear wife I could depend
And knew I had a sincere friend
And all the hours on earth you spent,
Your heart to us was always bent
Though our family circle is broken
And the parting fills us with pain
We hold a glorious token
The bright hope of meeting again
You don't know the sorrow to lose a loved one
Until God sends a messenger to your home,
It is sad when He calls for one or the other,
But the worst blow of all when He calls for Mother.

24-1p. By the family.

In sad but loving remembrance of our beloved mother and wife, Louisa E. Winkfield, who departed this life nine years ago today, January 28th, 1911.

I often sit and think of you
When I am all alone,
For memory is the only thing
That grief can call its own.
Although their hands I cannot clasp
Thy face I cannot see,
But still let this little token tell,
I still remember thee.

By her devoted daughter,

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Mrs. Gertrude Laycock Pullman is very sick at her home, 323 South Lee street.

The family of Mr. T. L. Webster who have been quite sick with the grippe, are all able to be out.

Master Malcolm Self who has been sick at his home in Queen street for the past several days, is improving.

Bernhardt Schmith has sold to Richard Lewis a house and lot on the east side of Patrick between Wythe and Montgomery streets.

Dr. Louis Foulks last night delivered an address in Christ Church Parish Hall on health and sanitation.

Owing to the inability of the members to serve, on account of sickness, the usual Thursday night supper of the Rectors' Aid Society of St. Paul's Church, will be omitted this week.

Mrs Charles C. Smithers entertained the members of her Sunday School Class at a Leap Year party last night, in the Young Peoples' Building. The table was beautifully decorated in apple green and white by Mr. Edward Munch, of the Bendheim Store. There were about 40 young people present, among them several young ladies from Washington, and all had a most enjoyable time. Mr. Harry Newton was toastmaster.

Overdue Plane Reaches Florida

Miami, Fla., Jan. 28.—The navy seaplane which was many hours overdue on a flight between the Bahama Islands and Palm Beach, Fla., and for which a general search had been ordered by the Navy Department, has drifted ashore with all members aboard safe, near the small town of Vero, north of Miami, said a telephone message received here last night.

TWO PLAYS SATURDAY

Two plays will be staged in the High School Auditorium Saturday afternoon under the auspices of Community Service. The Light-foot Club composed of 7th grade girls from the Lee School will present "Hiawatha" in costume at 3 p. m. This play will be followed immediately by the "Sun Goddess" a Japanese Masque presented by the Double Six Club. This latter club is composed of girls from the 6th grade of Lee School.

No admission will be charged and all who are interested in the children or in the work that is being done at Community Center are cordially invited to be present.

MARRIED LAST NIGHT

The marriage of Miss Blanche Austin and Mr. O. J. Thies, of Charlotte, N. C., took place last night at the home of Mr. and Mrs. O. J. Gattis, 218 South Lee street. The ceremony was performed by Rev. Dr. John Lee Allison, pastor of the Second Presbyterian Church.

Master Autsin Phillips Gattis, the three year old son of Mr. and Mrs. Gattis, was the only attendant, and he carried the ring in a basket of sea roses.

The parlors were prettily decorated with smilax and roses. The bride wore a traveling gown of dark blue trimmed in brown. Only the immediate relatives and a few friends attended the wedding. Mr. and Mrs. Thies departed for a weeks' stay in Florida and Cuba after which they will return to Myers Park, Charlotte, N. C., where they will make their home. Miss Austin has made her home with Mr. and Mrs. Gattis for the past twelve years and has been visiting here since the Christmas holidays.

ACCIDENTS IN PEACE

A few weeks ago a man was arraigned in the Police Court of this city on a charge of speeding an automobile on south Fairfax street. Among other things in his defense he alleged that many accidents, mostly slight, occur daily, at the plant of the Virginia Shipbuilding Corporation, and that at the time he was charged with speeding he was hurrying to render aid to a workman who had met with a mishap. The accused is a physician employed at the plant.

Last year 80,000 weer killed and 250,000 were seriously injured by accidents in the United States, according to the St. Louis Globe-Democrat. That is about equal to our casualties in two years of war. It seems incredible, yet there is no denying the facts. The statistics are carefully compiled by the National Safety Council. If the victories of peace are no less renowned than those of war, we are learning that the casualties of peace are no less numerous than those of war. It seems to be largely unnecessary. Where safety precautions have been adopted there has been a great falling off in accidents of all kinds. Carelessness lies at the basis of most accidents, not gross carelessness necessarily, but often merely lack of forethought, failure to take prudent precautions.

The work of the National Safety Council is to instill into the workers of the country, for the overwhelming majority of accidents are industrial, the spirit of being cautious about everything, also to see that approved safety appliances are installed wherever work is done. Nothing can take the place of the personal factor. If accidents are to be diminished it must be through individual men and women taking more pains to prevent them.

CHRIST AND WORKINGMEN

The Ohio Valley Trades and Labor Assembly, with which all labor unions of the Wheeling, W. Va., section are affiliated, has decided to apply Christianity to industrial relations. The following resolutions were adopted and all other organizations of the city and directors of all the corporations are asked to adopt the same resolutions:

"First—Be it hereby resolved That we, the duly elected delegates representing all the organized crafts in the Wheeling district, do hereby unanimously declare it to be our belief that the teachings of Christ constitute a platform upon which all men can agree.

"Second—We believe they can be applied to modern industrial problems.

"Third—That we will co-operate with those who will join with us in an earnest endeavor to apply His teachings in the Wheeling district.

"Fourth—As further evidence of our sincerity we have duly appointed a committee of three to confer and decide what methods shall be pursued."

The proposition was presented by Will H. Colvig, prominent business man, who for several years has worked for harmony between capital and labor.

We do not know to what extent the example set by the West Virginia labor unions will spread, but their purpose manifests a good spirit which it would be well for all interested in labor disputes to consider.

HIGH COST OF GOVERNMENT

Declaring one big cause of the high cost of living is the high cost of federal government, Senator Arthur Capper, of Kansas, wants expenditures cut down and wants the franking privileges taken from members of Congress and that cost saved the taxpayers. In 1919, he points out, the high cost of living was first showing and the corporation taxes levied then amounted to $21,000,000. In 1913 they had reached $35,000,000, and now they are about $2,500,000,000. And this levy on corporations is taken from the public by higher prices levied by the corporations. The public pays the cost of government and of business. He declares Washington and the government are in a ridiculous position, preaching thrift and individual economy and then spending year after year more and more money, more than it has, more than it can raise from ordinary methods. He wants the cost of government reduced, that reductions may be started toward the taxpayer and the consumer.

MILITARISM WANING

A Prussian general proposes a years compulsory labor for every German youth as a substitute for military conscription.

The great mass of the people of Germany have long grown tired of militarism. Thousands of Teutons during the past century have left their native heath and came to America, thus placing three thousand miles between them and cross drill sergeants.

Prussian militarism, long a blot upon civilization, has seen its day. The Kaiser's shining sword, to northern France, is now in two which he so often referred while his hordes were ravaging Belgium and pieces. It will never again be rattled at civilization.

MISS DORIS HAYDEN MARRIED LAST NIGHT

A pretty wedding took place at 8 o'clock yesterday evening at the residence of Mr. and Mrs. George H. Hayden, 427 South Washington street, when their daughter, Miss Doris Lavinia Hayden, became the bride of Mr. Thomas Ewing Henderson, of Dresden, Tenn. The ceremony was performed by the Rev. Dr. E. B. Jackson, pastor of the First Baptist Church.

The groom is an employe of the United States Shipping Board in Washington, and the young couple will make their home in this city. The day was also the birthday of the bride's father.

COST OF TRAINING

Political oblivion for the leaders of the party responsible for adoption of universal military training was predicted in the House yesterday by Representative Mondell, of Wyoming, the Republican leader. The initial cost of the plan would be $1,000,000,000, he said, requiring an additional bond issue.

"Men cannot be trained for a mere pittance," he continued. "It costs $1,000 for six months' training for every man in the regular system. This amount would be exceeded for men undergoing their first training, because of additional clothing and other equipment costs.

"We would also need 50,000 additional officers. Three hundred million dollars would be necessary to put camps and cantonments in condition and $60,000,000 is required for their maintenance each year."

Before the late war sixty per cent of the government's receipts was spent in armaments. To add a billion to this sum for universal military training would place the United States in the place occupied by Germany in the days of Bismarck.

COMMON COUNCIL

LIFT OFF CORNS WITH FINGERS

Few Drops of "Freezone," Then Corns Lift Off—No Pain!

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!

Let "Danderine" Save Your Hair

Hurry! A Few Cents Stops Hair Falling and Doubles Its Beauty

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, getting thin, scraggly or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows more life, vigor, brightness, color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

Free Yourself From The Pangs of Rheumatism

The Right Treatment Will Break Your Shackles.

You who are afflicted with Rheumatism know from experience just how excrutiating the pangs of the disease are. You know also, if you have had rheumatism for any length of time that there is no real relief to be expected from the use of liniments and lotions.

Rheumatism is a stubborn disease, and its pangs and pains cannot be wiped out as if by magic. A disease that is so full of torture and renders so many people absolutely helpless, is a deep-seated one; it is not on the surface, hence it cannot be reached by external, surface remedies.

Lotions, liniments and ointments applied to the surface may in some cases deaden the pain for the time being, but until you attack the disease at its foundation, you are making no progress toward a cure. Many forms of Rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

In fact the longer you delay treating the disease through the blood, the further you are getting from ridding yourself from the disease. And because so many people treat the pain, and not the disease itself, is one reason why Rheumatism increases in severity year by year.

The most satisfactory remedy for Rheumatism is S. S. S., because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of all impurities, and is a sure antidote to the germs of Rheumatism. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities, acting as a tonic to the entire system at the same time. It has been used for more than fifty years, and scores of sufferers from Rheumatism give it unstinted praise.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy. You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge is made. MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster — does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size $2.50.

TRAINING A FOOTBALL TEAM WITH AN AIRPLANE

Coach Bob Evans is making novel use of an airplane in training the football team of Leland Stanford university. In the play photographed the aviator starts the machine and tries to gain headway against the strength of the men.

Rip Van Winkle was not perfect

Neither was the Old Fashioned Razor—But—

RIP lacked some of those qualities which society demands—yet, year after year, people kept the great and good Joseph Jefferson playing the part of that lovable vagabond.

Like Rip, the old-fashioned razor was not perfect either—but it was a real razor—an efficient shaving tool developed by centuries of use and workmanship, and entitled to be kept for its good points. In fact, it was old-fashioned only in that it lacked two modern things—the two-edged, detachable blade and—safety. To add these, but to retain the good of the old, is real progress in razor development.

The razor that has *both* what the old style had *and* what it lacked is the

DURHAM-DUPLEX

A Real Razor—made Safe

An *evolution*, not a *revolution* in razors—all the good points of the *new idea*, all the good points of the *old*. The shape, balance and blade-angle-on-the-face of the old style razor have always been recognized as unbeatable. To these, the Durham-Duplex adds a *guarded, detachable, double-edged* blade—the longest, strongest, keenest blade on earth. Furthermore, it is the *best-tempered* blade you can buy. There is also a stropping attachment that gives you the luxury of a fresh edge at a moment's notice. These advantages *added* to the conceded virtues of the old-style razor have led Seven Million Shavers to change from other razors to the Durham-Duplex. Why don't you, too, change—*today?*

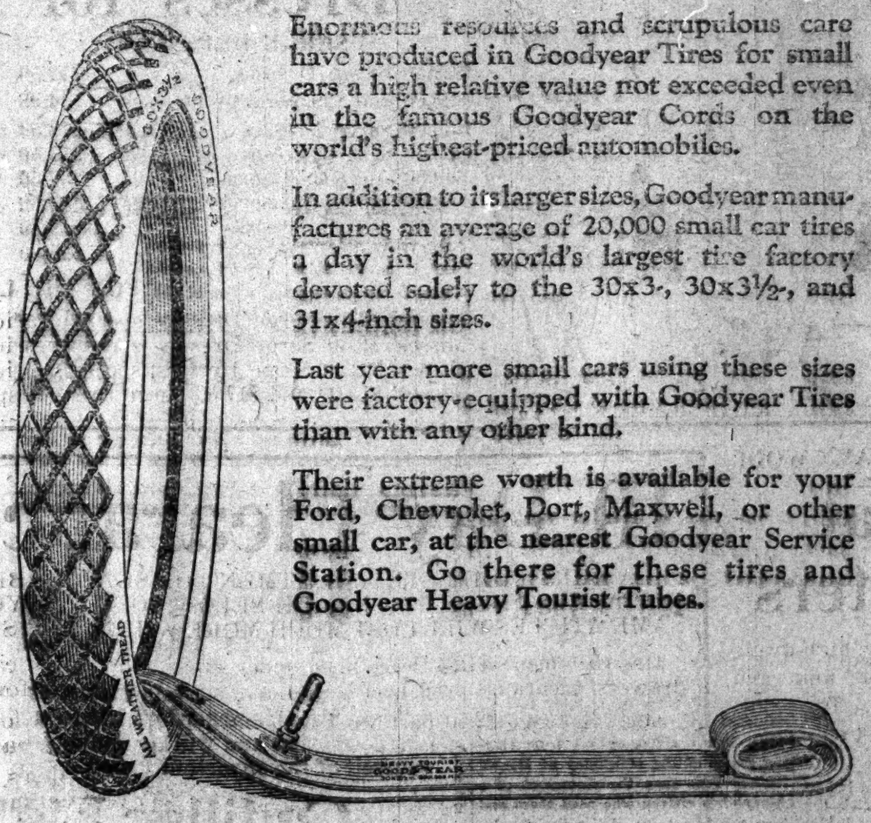
Goodyear Leadership—and Tires for Small Cars



Enormous resources and scrupulous care have produced in Goodyear Tires for small cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

Last year more small cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $3.90

GOODYEAR

A WILD AND WOOLY MOUNT

When this great elk was only a day old its mother was killed by hunters. It was carried to the ranch house of Scout Younger and raised by a mother goat. The young elk was persuaded to wear a halter, and in due time agreed to a saddle. It has become as affectionate as a horse, and boasts many accomplishments.

His Error.

"What is the matter with Constable Slackputter?" asked the washing machine agent. "He looked exceedingly disgusted about something."

"He is suffering from the accidental discharge of his duty," replied the landlord of the Petunia tavern. "He thought the fight was just a friendly scuffle, and rushed right into the middle of it before he discovered his mistake. Then, naturally, he was obliged to arrest the whole bunch, and in the exercise of his authority he got considerably tromped on."—Kansas City Star.

Unsophisticated Dad.

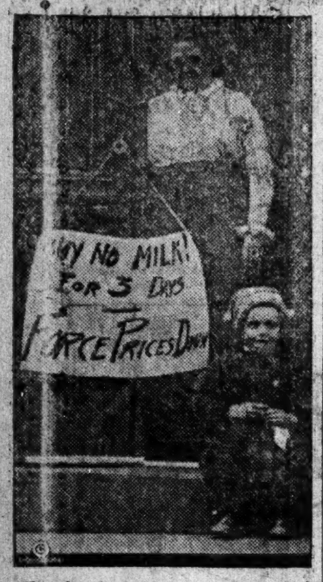
"Dance experts suggest that one may practice the new steps with a broom for a partner."

"Well, well, that explains much. I've noticed my daughter with a broom lately."

"Yes."

"In my fatuous way I thought she was sweeping."—Louisville Courier-Journal.

MILK CONSUMERS ON STRIKE



Five hundred thousand users of bottled milk in New York city, working in unison with the community councils of national defense, started a three-day boycott of milk. The idea was to voice a strong public protest against the prohibitive cost of the essential of life.

Net Quail in Thousands.

In the Mediterranean no bird is better known than the quail from the Spanish littoral to the Arabian hillsides. Twice a year it passes over the great inland sea, northward in spring and southward in September and October. Its coming is quite a festival, and many an outstanding bill and many a peasant's overdue rent is paid at its expense.

When it goes northward in May to its nesting place in middle Europe the sandy Italian sea beaches are lined in the line of its flight with fine netting loosely held up by stakes, and the unhappy little quails, flying low over the sea, plunge into these and are securely held by the falling meshes. No fewer than 17,000 have been received in Rome in one day, and in the small island of Capri, near Naples, 160,000 are sometimes taken in a season.—Detroit News.

WORLD LABOR BODY

Organization Elects French Leader Director General—Adopts Six Conventions

Paris, Jan. 28.—Albert Thomas, French labor leader unanimously was elected Director General of the International Labor Organization at yesterday's session of the Government body. He was nominated at the Labor Conference at Washington in November.

The organization adopted the six conventions and six recommendations voted by the Washington conference. They were referred to the secretary of the League of Nations, who will transmit them to the various Governments for ratification.

Exception was taken by representatives of the employers of Sweden and Switzerland to the strict application of the 8 hour law to small trades and businesses.

FIGHTING CAREER ENDED

Ponthieu, French Featherweight Champ, Loses Hand

Paris, Jan. 28.—The pugilistic career of Louis De Ponthieu, feather weight champion of France, ended yesterday when surgeons amputated his left hand to save the fighter's life. He met Tancy Lee the British champion, in this city on Christmas Day, and though he knocked out his opponent in the seventeenth round of their bout, he injured his hand and blood poisoning developed

Ponthieu was one of the first Frenchmen to gain prominence in the ring, taking up boxing as a profession in 1906. He developed considerable ability, but owed much of later success to the coaching of Frank Erne, former American lightweight champion.

NO TOBACCO LEAGUE

Plans for Making United States Smokeless and Drinkless

Indianapolis, Indiana, Jan. 28.—Plans for making the United States smokeless as well as drinkless were discussed yesterday at the State convention of the No Tobacco League.

Gruesome pictures of the evil effects of nicotine were painted for the edification of the delegates by several speakers, male and female.

It was alleged, among other things that use of the weed has a dwarfing effect on the growing generation and the hope was expressed that ere long the nation will send Lady Nicotine to join John Barleycorn in exile.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

THE PROPER COURSE

Information of Priceless Value to Every Alexandria Citizen

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Alexandria citizen who used them and who publicly tells of the benefit derived?

Guy Pettit, railroad engineer, 114 Commerce St., Alexandria, says: "I have used Doan's Kidney Pills off and on for a number of years and they have done me so much good I wouldn't be without them. I usually carry a box of Doan's with me because my kidneys are apt to get out of order. This is from the jarring of the engine. However I only have to use a few of Doan's Kidney Pills and I am not bothered any more."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pettit had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

VIRGINIA NEWS

More than 200 new cases of influenza have been reported to the Richmond health department today. Only three deaths have been reported and the authorities believe there is no cause for alarm.

Senator Thomas S. Henning, of Goochland offered a bill yesterday prohibiting marriage of first cousins. The bill, which was referred to the committee for courts of justice, validates any marriage heretofore performed.

D. E. Bailey, a railway mail clerk running between Washington and Bristol, died at his home at Waughs yesterday, after four days of "sleeping sickness." The sleeping followed an attack of neuralgia and attendants were unable to rouse the young man from his stupor. He was 28 years old.

Two lone survivors of the Greek schooner Gortynia reached Newport News yesterday on the American steamer, Nashotap, with a tale of seeing their five companions drown 75 miles off the coast of Bermuda, January 17. Four days the men clung to the after cabin of the ship without food or drink, tossing about in a heavy sea. They were all but dead when the Nashotap picked them up January 21.

ERZBERGER IN GREAT PAIN

Berlin, Jan. 28.—An X-ray examination of the wound suffered by Mathias Erzberger, Vice-Premier and Minister of Finance, who was shot Monday by Oltwig von Hirschfeld as he was leaving the Criminal Courts Building, shows that the bullet splintered part of Herr Erzberger's shoulder blade, where it is firmly lodged.

The wound is extremely painful with much bleeding. Herr Erzberger has no fever, but is very weak.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, $1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

ROPER RAP ROPER PLAN

Many in Baltimore Oppose Church Committees to Enforce Dry Law

Baltimore, Jan. 28.—From a canvass of clergymen of various religious sects it would appear that a majority of the Baltimore ministers are not in sympathy with the proposal contained in the letter of Commissioner Roper of the Internal Revenue Bureau asking churches to appoint committees to aid in enforcing the prohibition law.

Some clergymen were outspoken in their opposition to the plan. Many pointed out the danger of too much reliance on the State. Some said they favored the suggestion. Others were undecided and admitted that they were providing cooperative committees. There were some who seemed to favor it, but hesitated about expressing themselves and wanted to get more information from Mr. Roper.

Some of the refusals to co-operate came from sources least expected. Even the Rev. Dr. J. F. Heisse, president of the Maryland Antisaloon League and pastor of Union Square Methodist Episcopal Church, said he had not appointed a committee in his church and that he would make it public if he did so. He said he had no desire to be called a "pussyfooter."

Episcopal ministers may be expected to take little part in Commissioner Roper's plan, Bishop Jas. Cannon Murray, who has had the benefit of the Commissioner's letter, said: "So far as the diocese is concerned here it will be treated as though it had not been written." The Rev. Dr. Hugh Birckhead, rector of Emmanuel Protestant Episcopal Church, said he had no intention of acting on the matter until he saw what the other ministers were going to do about it. The Rev. Arthur R. Kinsolving, rector of old St. Paul's Protestant Episcopal Church, refused to discuss the question.

The Rev. William Page Dame, associate rector of Memorial Protestant Episcopal Church, said:

"I think that the normal person should look upon Mr. Roper's letter as an insult, and that is the opinion that most all of the ministers that I know have expressed. The letter showed a lack of intelligence and common sense. The author of it must be a jackass."

PET CORNS

Few Drops of "Freezone," Then Lift Corn Right Off

The Cleveland Makes Good Because it IS so Good

"The Cleveland is in a class by itself." That's the answer from owners of the new Cleveland Six all over America.

The Cleveland has made good with the public in such a big way, because it *is* so good.

Men of engineering and manufacturing skill, and of high ideals, devoted three years to the development and perfection of the Cleveland Six before they offered it to the public. Experimentation was worked out in the Cleveland Company's laboratories and shops and in constant tests on the road; not in the hands of owners. So the Cleveland has made good.

The thousands of Cleveland Sixes that have gone out to owners since last July are performing as few cars, indeed, can perform. The power and life of its motor, its remarkable comfort in riding, the ease of handling, the beauty and graceful style of its body designs, the excellence of its finish and upholstery, truly place the Cleveland Six in a class by itself.

We cannot tell you *how good* the Cleveland Six is.
You must drive it and ride in it to know.

KAISER DISCOURAGED

Does Not Want to go Home; Return Would Split Factions

Mayence, Jan. 28.—German newspapers publish a letter from former Emperor William to a personal friend in which Count Hohenzollern expresses his absolute discouragement and says he does not want ever to return to Germany.

He says he believes his return would cause a split between German factions.

BYRNES ATTACKS SIMS

South Carolinan in House Scathes Admiral; Would Discharge Him

In making public the admonition "Don't let the British pull the wool over your eyes," Rear Admiral William S. Sims violated confidential instructions and should be dishonorably discharged, Representative James F. Byrnes, Democrat, of South Carolina declared in a speech in the House yesterday.

Mr. Byrnes denounced the former commander of the American naval activities in European waters in the most bitter terms. Referring to him as a "drawing-room admiral," the South Carolinian said the greatest battle of Admiral Sims' career was "The Battle of Medals."

He took up in turn each one of the admiral's criticisms of the navy and produced records from Sims' own office and other evidence tending to show that all of them were false. Mr. Byrnes said:

"Sims not only belittled the achievements of the navy of the United States, but slandered the army. I charge that he made false statements as to both."

The speaker charged that the admiral is so strongly pro-British that he cannot speak from a purely American viewpoint.

"Having been decorated by the British Admiralty, no decoration of the United States government could have any attraction for this distinguished admiral, who long since justly won the title of 'The Best British Admiral in the American Navy.'

"Sims was born in Canada under the British flag and seems unable to get over it.

"The naval history of this government will fail to disclose anything comparable with the contemptible insubordination shown by Admiral Sims in his recent letter to the Secretary of the Navy.

"The admonition that Sims received 'Not to let the British pull the wool over your eyes,' shows that he could not be trusted. He must be made to say who gave him the admonition' alleges he received.

"If a superior officer did so admonish him, then Sims is violating confidential instructions and deserves the condemnation of every American and a dishonorable discharge from the navy.

The circumstances under which Admiral Sims made public his letter to Secretary Daniels, during his testimony before the Senate subcommittee, declared Mr. Byrnes "bear all the earmarks of a frame-up."

FIGHT FOR SUFFRAGE

Cheyenne, Wyo., Jan. 28.—The extra session of the Wyoming legislature yesterday completed ratification of the woman's suffrage amendment to the Federal Constitution, when the house passed the bill, 44 to 0. The senate acted Monday.

Reno, Nev., Jan. 28.—Gov. Boyle issued a call yesterday for a special session of the Nevada legislature to consider ratification of the Federal suffrage amendment. The legislature is to convene for one day, February 7.

Jackson, Miss., Jan. 28.—By a vote of 65 to 56, the lower house of the Mississippi legislature yesterday morning refused to confer upon women the right to vote in primary elections. A motion was entered to reconsider, and the measure will be taken up again later in the week.

With only twelve dissenting votes the lower house at the same session adopted a proposed amendment to the States constitution to be submitted to the voters at the November election, which gives women the right of suffrage.

JUGO-SLAVS ACCEPT PLAN

Yield to Allied Ultimatum on Adriatic Controversy

Berne, Switzerland, Jan., 28.—A Belgrade dispatch says that the Jugo-Slav Government has decided to accept the Allied ultimatum with regard to settlement of the Adriatic controversy.

The decision to accept the ultimatum was reached by a small majority and after a long discussion, the dispatch adds. The Jugo-Slav reply will be sent to Paris within 48 hours.

Under the settlement plan, as set forth in the Allied ultimatum to Jugo-Slavia, now reported accepted, the City of Fiume was to be independent, under a League of Nations guarantee. The port and the railroad terminals, the Allied note provided, were to eb controlled by the League of Nations. The surburb of Sussah was allotted to Jugo-Slavia. A strip of territory along the coast was eliminated to connect Fiume with Italian territory.

In Dalmatia it was provided that the city of Zara should constitute an independent state under a League of Nations guarantee. The terms stipulated that Italy should retain Avlona that the northern part of Albania, it was set forth, should be made an autonomous province under Jugo-Slav administration. Italy was given the islands of Lussin and Lissa, the remainder to go to Jugo-Slavia. All the islands are to be demilitarized.

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

HE LIVES ON HIS FEET

Most of the time, and if he did not wear the right kind of shoes—comfortable, well fitting, serviceable footwear—he would soon get footsore and weary. We keep police officers', letter carriers', workingmen's, and other folks who are on their feet a lot, pleased with our fine shoe repair work, and save them money.

A SUGAR MYSTERY

Hundred Thousand Pounds Bought and Sold, But Missing

New York, Jan. 28.—The mystery of the 100,000 pounds of sugar which Alex Robertson, of Arlington, N. J., a minister without a church, claims to have bought and large parts of which sold to charities. A Hunter, of Nutley, an employe of the Sherwin-Williams Varnish Co., may be explained Wednesday, when Robertson and the Rev. Robert G. Hull, of Newark, are arraigned in that city on charges of conspiracy to embezzle.

Robertson, 23, says he anticipates little difficulty in proving the existence of the sugar, his ownership and his good intentions. The minister says he trusted Robertson and still trusts him. All that the reputed buyers want, they say, is the sugar, valued at $5,850.

The Rev. Mr. Hull says Robertson got $500 from him with which to get an option of 100,000 pounds of sugar consigned to a New York firm on the narrow edge of bankruptcy. According to the clergyman, Robertson reported that he had purchased the sugar and was ready to sell. The minister is alleged to have sold $1,500 worth to Hunter, proprietor of a fruit preserving company, while employes of the varnish company subscribed $3,850 more. It is charged that the sugar was not delivered.

ILLITERATES MUST STUDY

Americanization Measure Compels Attendance at School 200 Hours Yearly

The Senate by a vote of 36 to 1[illegible] Monday passed the Kenyon Americanization bill, which would require all residents of the United States of [illegible] 21 not mentally or physically disqualified and all alien residents between 16 and 45 who cannot speak, read or write English, to attend school not less than 200 hours a year.

Administration of the bills provisions was placed in the Secretary of Interior, working through the Bureau of Education. The measure requires that the sum appropriated be apportioned among the States in relation to the number of residents illiterates, providing, however, that the State appropriate an equal sum for the same purpose. Not less than $5 000 would be allotted to one State in any year.

Efforts to transfer the administration [illegible] were defeated just before the final vote was taken. The measure had been before the Senate for about a week and during debate several Senators expressed apprehension that the variance in the age limits fixed for American and for alien illiterates would conflict with existing treaties.

STRIKES WIFE, KILLS SELF

Waukesha, Wis., Jan. 28.—Delirious from influenza, Robert Petitt, 39, early Saturday night struck his wife over the head with an iron bar. "My God! What have I done?" he cried and rushed to the barn where he killed himself by shooting.

The entire family, including three small children, have been ill with influenza. Mrs. Petitt may recover.

THEATRES

RICHMOND THEATRE

Vitagraph's latest feature, "Slaves of Pride," has a fortunate title. Aside from that it is a remarkable picture, endowed with all the good things that put a screen production over the barrier of absolute success at the Richmond tonight.

"Slaves of Pride," as its interesting title suggests, reveals pretty much what is in everyone's mind. It offers in its most malignant form the first of the seven deadly sins by way of visual portrayal. Everyone, more or less, is a slave of Pride, the first of familiar category of evils.

"Slaves of Pride" reveals in vivid colors just how deadly is this, the deadliest of passions. From the simple fact of its title the exhibitor is able to exploit this picture with an interest compelling advertising publicity.

Alice Joyce is the further magic name which, designating the star of this production, will carry it far into public attention. Miss Joyce symbolizes all girls in their relations to the pride that may govern their own minds, or that which exists in others to subjugate them.

INGOMAR THEATRE

Corinne Griffith in "Human Collateral" will be seen at the Ingomar tonight.

This is the screen drama of a wonderful creature whose beauty became so much legal tender—so much real estate.

She was placed in pawn for cool dollars, as if she were a building on Broadway.

KILLED IN ACCIDENT

Warrenton, Jan. 27.—Poe A. Penrod, of Jackson, Tenn., vocational student at the University of Arizona was killed and three other students were injured when a Ford automobile overturned a quarter of a mile south of Tubac while they were returning from Nogales on the afternoon of January first. The injured were Howard S. Russell, of Marshall, Va., and U. A. Dodson Culpeper, Va., and D. A. Latham Caledonia, Minn. By M. Cruse, of Dorchester, N. Y., was also in the party but escaped unhurt. All were members of the vocational department of the university.

Russell was injured in the head and back. Dodson and Latham suf-

CONVICTIONS STAND

Woman Must Serve Three Years for Violation of Espionage Act in West

Washington, Jan. 28.—Conviction and three years' sentence under the espionage act of Marie Equi, because of statements made in a speech by her at an Industrial Workers of the World gathering in Portland, Ore., will stand, the Supreme Court having refused to review the case. The court also refused to review the conviction of Edwin Rietz in South Dakota on charges of violating the espionage act.

Are You A Target For Influenza?

It Hits Listless, Run-Down People First—Their Blood is Thin Germs Everywhere in Epidemic

Be Prepared—Strengthen and Build Up Your Blood With Pepto-Mangan

If it is true that you are not feeling your best—if you have that "always tired" feeling and no interest or enthusiasm—then you should be careful of the influenza.

It is thin-blooded, anemic people that disease strikes first. The fact that you have had a very few serious illnesses has nothing to do with it. Everyone gets run-down occasionally and when they do, the blood is in no condition to fight off disease germs because it has not enough red corpuscles. It is the red corpuscles of the blood that fight disease and save you from sickness.

You simply can't afford to take chances when influenza is striking down thousands everywhere. Fortify your blood—build it up with the pleasant tonic, Pepto-Mangan.

And should you be just recovering from influenza, you need Pepto-Mangan because your blood has exhausted its strength. Pepto-Mangan will help build you up.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. No difference in medicinal properties.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name is on the package.
